DESCRIPTION

Distressing your painted furniture is easy with our all-natural, deliciously scented Beeswax Distressing Bars. Rub the bar on the edges and raised areas of your furniture before painting to act as a resist medium that makes it easy to wipe away your top paint layer. Made of 100% natural beeswax.

PRODUCT SPECIFICATIONS

Coverage: N/A

Clean Up: Clean rim of container after each use. Brushes can be cleaned with warm, soapy water.

Storage: Store in a cool, dry area. Keep from freezing. Keep away from heat sources. Keep containers closed when not in use. Store in a well ventilated area out of direct sunlight. Keep out of reach of children. Do not take internally.

Shelf Life: At least one year after opening in a well sealed container.

Disposal: Dispose of contents/container in accordance with paint collection facility's instructions.

First Aid: In case of eye contact, flush with plenty of water as a precaution. Wash skin with soap and water. If ingested, call physician or the Poison Control Centre.

APPLICATION

Use your Beeswax Distressing Bar to help create a weathered, distressed look on your painted furniture.

After your first paint coat has dried, rub the wax bar on the edges of your project, and any raised areas on which wear and tear would naturally occur. Follow up with a second coat of paint in a contrasting color. Let dry completely.

Use fine-grit sandpaper to effortlessly rub away paint from the areas where the wax was applied for a beautiful weathered look.

Made in Canada from 100% pure Canadian beeswax.

WARNING! If you scrape, sand or remove old lead paint from any surface you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS, SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE. Wear a NIOSH approved respirator to control lead exposure. Carefully clean up with a wet mop and HEPA vacuum. For additional information, Canadian customers contact the Product Safety division of Health Canada at 1-800-0-CANADA. US customers contact the U.S. EPA/Lead Information Hot Line at 1-800-424-LEAD.
